Cable News TEDDY REPLIES TO TAFT

(Associated Press Cable.)

OYSTER BAY, L. I., Apr. 25.—Former President Theodore Roosevelt came back at his foe today, in his answer to the latter's publication of letters that passed between himself, while President, Commissioner of Labor, and former Attorney General Bonaparte. In the letters the question of prosecuting the Harvester Trust was taken up, and, as shown by them, it was finally decided to abandon the case for "practical reasons."

In his reply Mr. Roosevelt declares that "Mr. Taft, then a member of my cabinet, was present at the conference following the receipt of Mr. Smith's communication, and heartily approved and concurred with all that was done."

Mr. Roosevelt continued, saying that after carefully going over the data available at the time "I and the members of my cabinet decided that any prosecution of the Harvester Trust would be impracticable, as there was not sufficient evidence on which to proceed. Mr. Taft has proved that we were right by failing to begin a prosecution of the Harvester Trust since he went into office."

ROOSEVELTERS CONTROL

MISSOURI'S CONVENTION
ST. LOUIS, Mo., Apr. 25.—Supporters of Theodore Roosevelt's candidacy for the Republican nomination to the presidency are in complete control of the State Republican convention, after a stubborn fight which lasted until late into the night. The Taft men are beaten at every point.

AMERICANS ARE FREED.

EL PASO, Tex., Apr. 25.—After thirty-eight days spent in the fifth and misery of a Mexican penitentiary, where they had been imprisoned without cause, two Americans have been freed by American Consul Letcher in Chihuahua. For five days the prisoners had been kept foodless and without water. They were on the verge of starvation when the news of their release reached them. They had been kept in solitary confinement during their confinement.

WIND SCOOPS UP

OMAHA, Neb., Apr. 25.—A tornado which devastated a large region today among many other freaks scooped up a train running along the track and ditched it. The coaches in some instances were turned completely over. Twenty-eight passengers and trainmen were more or less seriously injured.

WICHITA, Kan., Apr. 25.—A tornado today killed three persons near here. It did great damage.

OHIO PEOPLE LIKE HAWAII

Honolulu correspondence to the Cincinnati Enquirer contains the following:

HONOLULU, Hawaii, March 20.—The books of the local promotion committee and the registers of the various hotels show that there are at the present time nearly 100 Ohioans visiting Hawaii as tourists or as guests of army or navy friends. This is said to be by far the largest number of people from the State of Presidents ever recorded in Honolulu.

The engagement is announced this week of Miss Helen C. Brown of Honolulu to Stephen W. Hanna of Columbus. Miss Brown is a well-known young lady of this city, one of the oldest and wealthiest Hawaiian families.

The Misses Teresa and Marguerite Gorman of Cincinnati are guests of my friends at Leliehus military reservation. The Misses Gorman are tennis experts and a number of games for island championships are being arranged.

Thomas L. Johnson, an Ohio attorney, who declares that he is not related to the famous Johnson of Cleveland, is registered at the fashionable Seaside Hotel, Waikiki Beach.

Dr. C. A. Henry of Toledo, who has been here for several weeks, delivered a lecture upon Hawaii at the Pythian Hall last evening. Dr. Henry has made many friends during his stay and has been entertained at various clubs.

Capt. Lemuel Grandon of Columbus is at the Moana.

Mrs. Abigail Watts of Cincinnati is here visiting her daughter, Mrs. Major Ethbert, U. S. A., at Schofield Barracks.

Peter Garlington of Toledo is a guest at the Aubrey for a lengthy stay.

Germany has introduced an auto plow for digging military trenches during actual engagement, and it promises to play an important part hereafter in army circles. The new machine can do the work three times as speedily as men, besides saving immeasurable energy to an army. It requires but one operator and travels at about six miles an hour when going at top speed.
